

PERFORMANCE THAT DEFIES CONVENTION

New Flash Face SS20 for Exceptional Ball Speed and Unconventional Forgiveness

New artificial intelligence architecture and face design optimize COR for high ball speeds while increasing consistency downrange.

Proprietary High Strength FS2S Titanium Face for Fast, Consistent Ball Speed

New FS2S titanium is stronger and more flexible than traditional materials, allowing for consistently high ball speeds all across the face.

Player Preferred Shaping

A 450cc, low spin, neutral bias head featuring an interchangeable 14 gram and 2 weight to optimize launch and spin.
