

ODYSSEY®

TRIPLE TRACK™

SOMETIMES EVERYTHING JUST LINES UP

NEW TRIPLE TRACK ALIGNMENT

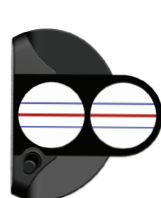

Developed from our popular Callaway golf ball line, these Triple Track lines are prominently featured using the science of Vernier Hyper Acuity. This alignment system with three lines on the putter is incredibly intuitive and easy to use, helping golfers align better and more consistently, a key fundamental to good putting.

STROKE LAB WEIGHTING

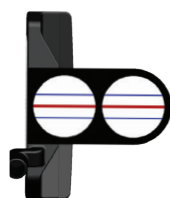

Innovative multi-material shaft saves 40 grams of weight, which is redistributed to the head and grip end of the putter. This completely rebalances the putter for improved tempo and consistency in the stroke, and this major-winning technology continues to dominate on Tours around the world.

NEW MICROHINGE STAR INSERT

Provides a firmer feel and enhanced sound at impact while maintaining the same roll benefits of our popular White Hot Microhinge Insert. It's already the choice of some of the best player's in the world.
