

SHAPE MATTERS

OUR MOST EXCITING HEAD SHAPES

We've taken the Ten shape, that quickly became our most popular on Tour, and improved on it dramatically. We've removed the holes in the top of the head and made it even sleeker and more forgiving. But we didn't stop there, we made a version with our 2-Ball alignment system, this next coming of 2-Ball is the best 2-Ball we have ever made!

NEW STROKE LAB SHAFT

We took our major-winning proprietary shaft and made it even better by shortening the steel section and reducing the weight by seven grams. We also made it stiffer and more stable for even more consistency in your stroke and your results.

WHITE HOT MICROHINGE

All of the roll benefits of Microhinge, with a classic Odyssey feel.

HEAD	HOSEL	HEADWEIGHT	SHAFT	RH	LH	TOE HANG	LOFT	LIE	LENGTH	OFFSET
2-Ball Ten	DB	365	New Stroke Lab	Yes	Yes	0	3	70	33" 34" 35"	Full shaft
