

Epic MAX LS Driver

Product Name: Epic Max LS Drivers

Product one liner: Framing the future of speed

What this product is replacing: Epic Flash Sub Zero Drivers

Product Intro Date: 15/01/2020

Product at Retail Date: 18/02/2020

Price: £499

Product Intro:

Introducing the new Epic MAX LS, designed for mid- to-low handicap players who want more speed, neutral ball flight and forgiveness in a lower spin, high MOI package.

MAX ball speeds come from a NEW Jailbreak A.I. Speed Frame that works in combination with the A.I. Designed Flash Face. We've engineered all of this distance into a unique driver head that provides enhanced fade bias capabilities, along with Adjustable Perimeter Weighting to fine tune ball flight off the tee.

Features & Benefits

Extraordinary ball speed from NEW Jailbreak A.I. Speed Frame + A.I. Designed Flash Face SS21

Epic ball speeds start with our new A.I.-designed Jailbreak Speed Frame. Previous Jailbreak architectures stiffened the body in the vertical direction. By applying Artificial Intelligence, this new structure is designed to enhance horizontal and torsional stability to promote an increase in ball speeds across the face.

Our A.I.-designed Flash Face is specifically engineered to optimize the Jailbreak Speed Frame, promoting fast speeds across a more expansive area. Each face and each head geometry are uniquely enhanced in Epic MAX LS, and the super strength titanium promotes maximum speed, forgiveness and spin robustness.

MAX Forgiveness

Our proprietary Triaxial carbon covers a larger portion of the crown and toe, leading to weight savings of over 13 grams vs. titanium. Callaway engineers have redistributed that saved weight to enhance forgiveness versus previous MAVRIK designs. This driver delivers an exceptional combination of a deep CG and higher MOI to promote a tighter downrange dispersion.

Shot shaping and control

The MAX LS is the most fade capable driver in the Epic family, and Adjustable Perimeter Weighting provides up to 13 yards of shot shape correction to fine tune ball flight. Combined with ultra-high MOI, the MAX LS provides a unique lower spin option for mid-to low- handicappers.
